Description

Tobacco use is the leading preventable cause of death and illness in the United States . Apart from smoking tobacco, smokeless tobacco and secondhand smoke exposure cause additional morbidity and mortality. Three overarching principles of the AAP Policy Statement, Tobacco Use: A Pediatric Disease, include: (1) There is no safe way to use tobacco. (2) There is no safe level or duration of exposure to secondhand smoke. (3) Individuals, organizations, and government can use their financial and political power to support tobacco control and advocate for a tobacco-free world.

Pediatricians and their staff can use their unique position as they care for children to:

- Help patients and families with the prevention and/or treatment of tobacco use and secondhand smoke (SHS) exposure.
- Advocate for policies that protect children from SHS exposure and eliminate tobacco use in the media, public places, and homes.

3-Step AAP CEASE Model [graphic2]

This EQIPP course presents a simple and memorable tobacco control model called CEASE to routinely and effectively address family tobacco use and exposure.

Step 1, Ask, screens families for tobacco use and SHS exposure in the home and car and asks tobacco users what they need to help them quit. It educates families about the harms of tobacco use and SHS exposure.

Step 2, Assist, motivates and presents options proven to be effective to help tobacco users quit. The combination of counseling and medication is more effective for smoking cessation than medication or counseling alone. Pediatricians can help families tap into free, state-funded tobacco quit line services to supplement their counseling efforts to help tobacco users quit or cut down.

Step 3, Refer, helps tobacco users develop a specific quit strategy that includes follow-up contact.

Course Goal

Course Authors:  
Jeremy Drehmer  
Bethany Hipple  
Jonathan Winickoff, MD  
Sybil Murphy

Registration Fees

Individual Registrations:

Individual AAP Member: **Included with membership**  
AAP Resident Member: **Included with membership**  
AAP Fellow in Training Member: **Included with membership**  
Individual Non-Member: **\$199**

Group Registrations:

Group AAP Member (2 or more): **Included with membership**  
Group Non-Member (2 or more): **\$199/person**

The American Academy of Pediatrics (AAP) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The AAP designates this Enduring Material for a maximum of 6.00 *AMA PRA Category 1 Credit(s)™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The AAP designates this PI CME activity for a maximum of 20.00 *AMA PRA Category 1 Credit(s)™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This activity is acceptable for a maximum of 28.00 AAP credits. These credits can be applied toward the AAP CME/CPD Award available to Fellows and Candidate Members of the AAP.

This program is accredited for 28.00 NAPNAP CE contact hours of which 4.00 contain pharmacology (Rx), (0.00 related to psychopharmacology) (0.00 related to controlled substances), content per the National Association of Pediatric Nurse Practitioners (NAPNAP) Continuing Education Guidelines. The AAP is designated as Agency #A17. Upon completion of the program, each participant desiring NAPNAP contact hours should send a completed certificate of attendance, along with the required recording fee (\$13 for NAPNAP members, \$15 for nonmembers), to the NAPNAP National Office at 5 Hanover Square, Suite 1401, New York, NY 10004. Keep this certificate for your records for six (6) years. Requests for duplicate certificates should be made to the AAP.

This activity is approved for 25.00 points of MOC Part 4 credit by the American Board of Pediatrics through the AAP MOC Portfolio Program. All approved activities must be completed by the MOC Credit Approval End Date. All deadlines and MOC point values should be confirmed by checking the ABP Activity Catalog within each physician's ABP Portfolio. Consult your ABP portfolio at [www.abp.org](http://www.abp.org) for details about your specific certification requirements. For questions about how to access this activity, contact [MOCPortfolio@aap.org](mailto:MOCPortfolio@aap.org).

The American Academy of Physician Assistants (AAPA) accepts certificates of participation for educational activities certified for *AMA PRA Category 1 Credit(s)™* from organizations accredited by the ACCME.
